As at 30 June 2023, notwithstanding that the Group had net current assets of approximately HK\$1,907 million, the Group's interest-bearing bank and other borrowings with an aggregate carrying amount of approximately HK\$1,688 million are due to be repayable within the next 12 months while its cash and bank balances amounted to approximately HK\$35 million. In addition, as at 30 June 2023, the Group's borrowing with a carrying amount of approximately HK\$180 million has not been repaid according to the scheduled repayment date and remained outstanding as at 30

the Group has not received any demand for immediate repayment for any of this borrowing.

In view of the above circumstances, the directors of the Company have given careful consideration to in assessing the Group's ability to continue operating as a going concern. The following plans and measures are formulated to manage the working capital and improve the financial position of the Group:

- (i) the Group will continue to implement measures to speed up the timing of collection of outstanding loan receivables and interest receivables;
- (ii) the Group will continue to take measures to expedite the disposal of financial asset
- (iii) the Group will continue its negotiations with the lenders of certain bank and other borrowings

The directors of the Company have reviewed the Group's cash flow projections prepared by management, which cover a period of not less than twelve months from 30 June 2023. They are of the opinion that, taking into account the above-mentioned plans and measures, the Group will have

Notwithstanding the above, there are inherent uncertainties as to whether the Group is able to achieve flows to continue as a going concern would depend on (i) the continual support from the existing lender of the Group such that it will not demand for immediate repayment of the relevant borrowing; (ii) the successful and timely agreement with the lenders on the extension of the repayment dates of timely implementation of the plans and measures to speed up the timing of collection of outstanding loan receivables and interest receivables; (iv) the successful and timely implementation of the plans for the disposal of financial asset investments; and (v) the successful obtaining of new sources of

Should the Group be unable to achieve the above-mentioned plans and measures, the Group may be unable to continue to operate as a going concern, in which case adjustments would have to be made to adjust the values of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and non-current liabilities as current

Management of the Group monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/loss, which is a measure of adjusted profit/loss before tax. The adjusted profit/loss before tax is measured consistently with the Group's profit/loss before tax except that non-lease-related finance costs, share of results of associates and joint ventures and corporate expenses are excluded from such measurement.

No segment asset or liability is presented as the chief operating decision maker of the Company does not regularly review segment assets and liabilities.
